

Dear Sirs: I am writing regarding K-Love Radio. K-Love is the one radio station our whole family listens to. It is safe lyrically and spiritually for everyone of every age. We do not have options that give us the type of music we want ourselves and our children listening to. I have listened to other non-Christian radio stations before and I find a difference in my attitude and demeanor when I am listening to something other than what K-Love provides. I am more at peace and happier listening to something with the positive message that each song has. PLEASE keep K-Love on the air.

Thank you - Tim & Kelley Bodnar
